

## Session 4 – Science Affirms A Biblical Worldview

DVD Chapters 10-14 Approximately 28 minutes

1. For decades, scientists have searched for a genetic link to homosexuality, but no true link has been found. Why does society seem so desperate to find a biological explanation?
2. What are the theological implications for someone who believes he or she was born gay or transgender?
3. What was most shocking to you about this section of the film?
4. Studies show that puberty blockers, cross-sex hormones, and sex change surgeries are causing far more harm than good to those who suffer from gender dysphoria. A study in Sweden concluded that transgender people who have had sex change surgery are 19 times more likely to die by suicide than the general population. How should Christians respond to these disturbing facts?
5. Two detransitioners [Walt Heyer and Laura Perry] shared their experiences. What similarities did you notice in their stories?
